

 **Shepton Veterinary
Group Limited**

New graduate opportunity

Job satisfaction and a great work-life balance in the middle of cider country.

Come and join our ten vet, proudly INDEPENDENT and progressive small animal team here in Shepton & Wells Vets. We are passionate about serving and being an active part of our community, where clinical practice is conducted to a high level in a diverse range of areas.

Our practice is rapidly growing, and with a couple of our staff heading on maternity leave too we are now looking for a new member to join our team as cover or preferably on a permanent basis.

We are a rural practice where we pride ourselves on providing a dedicated and excellent service to our community. We are proud to offer our own OOH on a sensible rota, enabled by our night nurse team who significantly ease the load. The rota is a 4-day week with additional time off in the week following weekend work, but part-time and full time would be considered.

In return, we offer the freedom to follow your own cases and work amongst a proactive, fun-loving, certificate-holding, cake-eating team with the usual kit including dental radiography, endoscopy, and laparoscopy. Equally a new graduate will be encouraged to enroll in the XL Vets New Grad program to support and aid their development.

We are keen to hear from new graduates who feel they share our vision.

Please contact martin.law@sheptonvets.com to apply or call on 01749 343955 for more information.

Salary starting from £31,000 plus bonus.
